Saturday, November 3, 1945
Normal, Illinois

This sale is held under the auspices of the Illinois Polled Shorthorn Breeders' Association with the cooperation of the American Polled Shorthorn Society.

Announcement

The many buyers who attend the annual sales sponsored by the Illinois Polled Shorthorn Breeders' Association have learned that this State provides one of the best sources of supply for good herd bulls and for dependable, profitable females. From the very beginning of their annual sales program, Illinois Polled Shorthorn breeders have consigned many of their best productions in the belief that by so doing they would boost breed progress in the state. Always these state sales have provided animals that have yielded attractive returns to the buyers . . . and always the scale of prices has been on firm feet-on-the-ground levels. Again in this sale they have furnished a well rounded offering, calculated to meet the needs of critical buyers as to ages, quality and breeding. These cattle are healthy; they are consigned by reliable breeders, and they will work improvement wherever they go. Study this catalog carefully. Note that the best of bloodlines are represented. Now is the time and here is the opportunity to build strength into Polled Shorthorn herds.

Hal Longley, Sale Manager, 16 S. Locust St., Aurora, Ill.

Oakwood Magic King x2065895.
Owned by Leemon Stock Farm.

Polled Shorthorns are the most practical and most profitable cattle for Corn Belt farms today. Packer buyers pay a premium for fat cattle without horns; farmer bull buyers prefer the hornless type; small breeders are buying Polled bulls in order to more easily fill the farmer needs; there is no doubt but that Polled Shorthorns are the "Ultimate Type." The future is bright. Present prices are moderate. Why not buy now? This sale provides a good source of supply.

Progress is certain with Polled Shorthorns like these . . .

. . . and the blood of these splendid cattle and many others like them abound in the animals presented in this sale. From this rich source you can buy with certainty. Polled Shorthorns will turn into profit your grass, your grain, your labor.

These young Polled Shorthorns are growing into money in a hurry, on a minimum of labor and high priced feed on the farm of R. D. Potter & Sons, Avon, Illinois, one of the consignors to this sale.

It is not easy to buy Polled Shorthorn females at private treaty. All of those that are offered in this sale could have been sold very easily . . . but they have been held for this sale. There are 60 of them . . . a fine selection.

Take advantage of this fine buying opportunity.

The above picture was taken on the farm of Carl M. Johnson, president of the Illinois Polled Shorthorn Breeders' Assn.

Lady Roan Augusta 3d x—We are offering one of the very top daughters of Ceremonious Confessor x to round out our consignment. Lady Roan Augusta x is a thick, sappy, calf, short legged, with a beautiful feminine head. She looks the part of a foundation female. Her dam is one of those rare cows that combines thickness of flesh with quality and smoothness. Study the pedigree of this heifer. Combine that with her own great individuality and be the judge of what she is worth in your herd.
